

# Bar Services

For your convenience, the University Club offers three options for bar service at banquet events. Review the details on the following pages, and then select the option that best serves your needs.

- Hosted Bar:** Ideal for the member who wishes to sponsor cocktails for his or her guests. Two options are available:
- By Consumption:** Charges are based upon actual consumption. Inventory is taken at the beginning and end of the event, and the host member is charged for all beverages served to the guests (see below).
  - By the Hour:** Charges are based upon the number of guests guaranteed, for the number of hours bar service is provided (see next page).
- Cash Bar:** Ideal for the member who wants guests to purchase cocktails individually. Please note that wedding receptions, anniversary parties, and similar celebrations are unique events at which the host extends personal hospitality to friends, and the University Club does not recommend Cash Bar service for such personal family events (see below).
